

November Membership Meeting (Cont.)

when the slate of candidates is completed, will conduct the election of officers for 1982 and of the 3-year term at-large director.

Following the conduct of Club business, the meeting will be turned over to our Program Chairman who has the following to say about the program he has arranged:

A Reminder to All B-VARC Members ----

November 12 Has Been Designated as "GUEST NIGHT"

The general public, young and old, are aware of the presence of "Hams" in their communities, but most neither have had nor taken the opportunity to become acquainted with amateur radio operators. Most contacts have been when complaints were being lodged against the "Radio Community".

There is a wealth of potentially fine radio operators waiting out there for the opportunity to be introduced to a new and fascinating hobby. It is hoped that the presentation of the 35-minute ARRL cassette tape "WORLD OF AMATEUR RADIO" will supply the spark to interested parties, by which positive thoughts and innate desires can be stimulated toward becoming involved in the many-faceted world of amateur radio.

All members are urged to bring their relatives, friends, acquaintances, and other interested parties to the November meeting.

-- Ron Bolyard KA5GYG
Program Chairman

NOW IS THE TIME FOR ---

--- all good men to come to the aid of their party. As they used to say in the old political boss days at election time. This time it's --- all Club members to come to the aid of their Club.

On account of it's election time at B-VARC, and members are urged to come to the November meeting and take part in electing officers and an at-large director who will, we believe, with help from fellow Club members, guide us into and through an outstanding year for B-VARC in 1982.

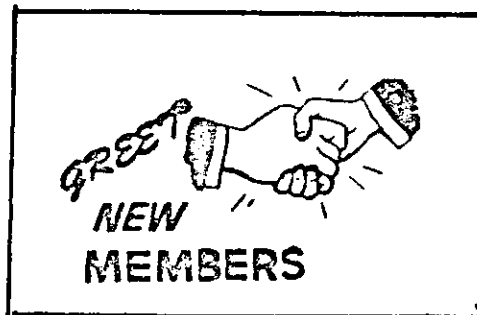

The Nominating Committee, in accordance with the By-Laws, will present a slate of candidates it recommends, one for each position. But in our Club we have, we're convinced, a goodly number of members who could do as good or better jobs as those the Committee has been able to identify.

So ---- if you would like to run for one of the positions, or if you'd like to nominate someone for one of them, the opportunity to get on the ballot will be offered by our President as a part of the election procedure.

In any event, we hope you'll come to the meeting on November 12 and participate in the election. The Club needs you!! It's your Club!!!

Y'all welcome our latest new member. His name badge, along with others who've joined us this year, will have a red and blue border. Look him up, introduce yourself, and make him glad he's with us! He is:

Stephen Yates KA5DUU
2619 Charles Lane
Sugar Land TX 77478
Home fone 491-4169 And he's a member of ARRL.

Also, here are some roster changes:

1. Change call of Sydney Beckman KA5GLJ to N5DWP
2. Change call of Ed Truitt KA5KVD to N5DPE
3. Add Apt. #100 to address of Greg Fifield K5MUG

PAY YOUR 1982 DUES NOW

DID YOU KNOW --- The world record for receiving Morse code by ear is held by Ted McElroy, ex-W1JYN, who copied 75.2 WPM on a typewriter on July 2, 1939, and his feat has held up for over 42 years! Anybody care to challenge?

DON'T SET YOURSELF OR YOUR FRIENDS UP FOR BURGLARY

Dave Fuseler who is a former policeman and should know, reminds us all that these are days of plentiful household robberies and that thieves use all sorts of ways to discover safe places to burglarize.

He reminds us of Ken Winston's home burglary of last year after Ken thoughtlessly mentioned on the air that he was headed out of town.

Don't Set Up For Burglary (Cont.)

Not only should we be careful not to give our absence from the city away but also we should be careful not to say on the air that Joe or Bill is out of town, and when talking to Joe or Bill not to drop a well-intentioned innocuous phrase like "Have a nice trip" or "Call me when you get back from vacation". This could be the only tipoff that an alert scanner listener would need to check on Joe's or Bill's house for burglary possibilities.
