Our President Says

Field Day is coming soon, the weekend of June 27-28. This year the ARRL has invited Navcor Mars to participate in Field Day. Any station contacting at least one participating Mars station gets a 100 point bonus. We are preparing to return to Brazos Bend State Park again, and may have some surprises to make this year even more fun than last year.

Board of Directors meetings are returning to the first Thursday evening of each month beginning in May. Also, the May membership meeting will again be held at the Fire Station on FM 2234. The April meeting went very well there. We appreciate the opportunity to meet in their fine facility.

Ten Meter activity has increased noticeably since the start of Novice Enhancement. Novices and Technicians can now work voice and packet. The recent openings have allowed some (like KB5CGT)

to work places like Australia. We are considering the possibility of starting a ten meter net, perhaps including the Westlink report.

Many thanks to Harold, N55F for providing the Westlink Report on our two-meter nets for the past three years. He has been the source of up-to-date information many times. Thanks also go to Joe, KA5GTU, for picking it up for Harold.

Robert Ricketts, N5JKD, has assumed the duties of Net Manager for the Monday night Public Service Net. When Robert calls on you to act as net control, please say "yes!". It's not difficult and the experience really does give you confidence.

Thanks go to Jack, WN5A, for providing updated roster information via N5JKD's landline bulletin board system. This is very helpful to me in particular, and I'm sure to others as well.

If you will be working a public

service event and need some contact cards to distribute please contact me or KA5WHK. Thanks go to Stu, WB5IGG, Harold, ND5F, and Kathy, KA5WHK for allowing use of their telephone numbers for public contact. Stu is, of course, our primary contact and registrar for license classes and examinations.

NOVICE CLASS BEGINS MAY 13, 1987

The Brazos Valley Amateur Radio Club and the Fort Bend County Emergency Management RACES/ARES organization are jointly sponsoring a novice course in Fort Bend County. Organizer and primary instructor is Jeff, N5ECP. Pre-registration is required. Interested parties should call Stu, WB5IGG, at 777-3345 for information or sign-up.

**FIRST ANNUAL HOUSTON HAMFEST SCHEDULED
FOR MAY 9, 1987**

For a long time now a lot of us have been saying it's a shame that an area as large as the Houston metropolitan complex,

with about 6,000 ham operators here, has not had a hamfest for the primary purpose of buying, selling, and swapping of ham gear and equipment. Finally, at long last someone is doing something about it!!

The first -- and what is planned to be an -- annual hamfest will be held on the parking lot of the Westwood Mall at the Southwest Freeway and Bissonet on Saturday, May 9, 1987, from 7 A.M. 'til 5 P.M.

On the parking area beyond Joske's at the far end from SW Freeway, 174 spaces have been reserved for those who would like to sell or swap some of their gear to those who would like to buy or swap the same. Although generally, the spaces will be available on a first come basis at \$0 per space, we are told that interest in the event has been mounting since it was announced a short time ago, and that Bill Hickox K5BDZ will accept paid in advance reservations for spaces. Call him at 777-8888 days and 772-6739 evenings.

Comment Deadline hears in 220 MHz Docket
(excerpt from the ARRL Letter)

The FCC has granted the ARRL request for an extension of time in General Docket 87-14 which proposes to reallocate the bottom 2 MHz of the 220-MHz band to the Land Mobile Service. The new deadline for comments to be received by the Commission is May 21, with reply comments due June 19. All amateurs should be aware of this vitally important Docket, and submit appropriate comments to FCC. For more information on this Docket, and how to submit comments, see April QST.

EQUIPMENT NEWS

Well there has been a lot of new equipment
announced since last months column.

ICOM has introduced the IC-761, a new top
of the line HF transceiver aimed at the
elite. The new radio has signs of being
ICOM's answer to the Kenwoods and
incorporates many of the features. It has
a 24 volt power supply, automatic antenna
tuner (that works on receive as well as
transmit. Kenwood is transmit only), and
keyer built-in. The radio boasts full QSK
at 60 WPM. It looks like a beautiful
package for those able to afford it
(rumored at \$2,200) If it includes one of
ICOM's super receivers as early ads claim
and has the bugs worked out, this may be
the contesters and DX'ers ultimate radio.

Kenwood finally announced the predecessor
to the tremendously successful TW-4000A.
It was not the TW-4000B as rumors claimed
but a totally new radio. The TW-4100 is a
sexy little radio with a newer sleek
design and smaller package than the 4000.
In addition the radio gives you 45 watts
on 2 M and 35 watts on 70 Cm. Expanded
frequency coverage on 2 M to cover some
MARS and CAP frequencies. Can be set used
in full duplex crossband operation, and
with options can select CTCSS tones from
front panel and can utilize something
Kenwood calls "Digital Channel Link"
(???). So if you want to be the first kid
on your block to own a TW-4100 pull out
the old checkbook and hold your breath
cause the list on the radio alone is
around \$750 list.

I have the modifications for general
coverage transmit for the following
Kenwood radios: TS440 , TS930 , TS940 . I
am willing to pass on that information to
anyone needing these mods for legal
operation.

I'll say 73's and hope to see all of you
at the next meeting and the "Hamfest 87"
(May 9th behind Joskes at Westwood Mall).

W5A Jack.

Ft. Bend County Emergency Management News

Two events are occurring in May which
should be of interest to all of us.
Beginning May 10 and continuing for 10
weeks, Novice/Tech. classes will be
conducted in Ft. Bend County. These
classes will be held at the new Precinct 3
Facility on Canal Rd. near Harlem. Harlem
Rd. runs North and South between FM1093
and 90-A West of Tx.6. If you know of a
possible participant, have them contact
Stu at 777-3345.

The other major happening in May is the
Hazardous Material Seminar scheduled for
Sat. May 16 from 8:00 AM to 4:00 PM. The
location is the same facility as mentioned
above for the Novice classes. For
enrollment contact Ron Bolyard at 342-
1365. This seminar is very important for

those involved in emergency service.

POLLY VI

This years POLY exercise is scheduled for June 3, 9 and 10. Listen for further details on the Ft. Bend Co. Emergency Net and try to schedule your time to participate with us.

As always, we need more Net participation. Please join us Mondays at 8:00 PM on 145.25.

Until next month, 73
Jerry N4IVI

NOVICE CLASS BEGINS MAY 13, 1987

The Brazos Valley Amateur Radio Club and the Fort Bend County Emergency Management RACES/ARES organization are jointly sponsoring a novice course in Fort Bend County. Organizer and primary instructor is Jeff, N5ECP. Pre-registration is required. Interested parties should call Stu, WB5IGG, at 777-3345 for information or sign-up.

FIRST ANNUAL HOUSTON HAMFEST SCHEDULED
FOR MAY 9, 1987

For a long time now a lot of us have been saying it's a shame that an area as large as the Houston metropolitan complex,

with about 6,000 ham operators here, has not had a hamfest for the primary purpose of buying, selling, and swapping of ham gear and equipment. Finally, at long last someone is doing something about it!!

The first -- and what is planned to be an -- annual hamfest will be held on the parking lot of the Westwood Mall at the Southwest Freeway and Bissonet on Saturday, May 9, 1987, from 7 A.M. 'til 5 P.M.

On the parking area beyond Joske's at the far end from SW Freeway, 174 spaces have been reserved for those who would like to sell or swap some of their gear to those who would like to buy or swap the same. Although generally, the spaces will be available on a first come basis at \$0 per space, we are told that interest in the event has been mounting since it was announced a short time ago, and that Bill Hickox K5BDZ will accept paid in advance reservations for spaces. Call him at 777-8388 days and 772-6739 evenings.

Comment Deadline hears in 220 MHz Docket
(excerpt from the ARRL Letter)

The FCC has granted the ARRL request for an extension of time in General Docket 87-14 which proposes to reallocate the bottom 2 MHz of the 220-MHz band to the Land Mobile Service. The new deadline for comments to be received by the Commission is May 21, with reply comments due June 19. All amateurs should be aware of this vitally important Docket, and submit appropriate comments to FCC. For more information on this Docket, and how to submit comments, see April QST.

EQUIPMENT NEWS

Well there has been a lot of new equipment
announced since last months column.

ICOM has introduced the IC-761, a new top
of the line HF transceiver aimed at the
elite. The new radio has signs of being
ICOM's answer to the Kenwoods and
incorporates many of the features. It has
a 24 volt power supply, automatic antenna
tuner (that works on receive as well as
transmit. Kenwood is transmit only), and
keyer built-in. The radio boasts full QSK
at 60 WPM. It looks like a beautiful
package for those able to afford it
(rumored at \$2,200) If it includes one of
ICOM's super receivers as early ads claim
and has the bugs worked out, this may be
the contesters and DX'ers ultimate radio.

Kenwood finally announced the predecessor
to the tremendously successful TW-4000A.
It was not the TW-4000B as rumors claimed
but a totally new radio. The TW-4100 is a
sexy little radio with a newer sleek
design and smaller package than the 4000.
In addition the radio gives you 45 watts
on 2 M and 35 watts on 70 Cm. Expanded
frequency coverage on 2 M to cover some
MARS and CAP frequencies. Can be set used
in full duplex crossband operation, and
with options can select CTCSS tones from
front panel and can utilize something
Kenwood calls "Digital Channel Link"
(???). So if you want to be the first kid
on your block to own a TW-4100 pull out
the old checkbook and hold your breath
cause the list on the radio alone is
around \$750 list.

I have the modifications for general
coverage transmit for the following
Kenwood radios: TS440 , TS930 , TS940 . I
am willing to pass on that information to
anyone needing these mods for legal
operation.

I'll say 73's and hope to see all of you
at the next meeting and the "Hamfest 87"
(May 9th behind Joskes at Westwood Mall).

WN5A Jack.

----- Ft. Bend County Emergency Management News

Two events are occurring in May which
should be of interest to all of us.
Beginning May 10 and continuing for 10
weeks, Novice/Tech. classes will be
conducted in Ft. Bend County. These
classes will be held at the new Precinct 3
Facility on Canal Rd. near Harlem. Harlem
Rd. runs North and South between FM1093
and 90-A West of Tx.6. If you know of a
possible participant, have them contact
Stu at 777-3345.

The other major happening in May is the
Hazardous Material Seminar scheduled for
Sat. May 16 from 8:00 AM to 4:00 PM. The
location is the same facility as mentioned
above for the Novice classes. For
enrollment contact Ron Bolyard at 342-
1365. This seminar is very important for

those involved in emergency service.

POLLY VI

This years POLY exercise is scheduled for June 3, 9 and 10. Listen for further details on the Ft. Bend Co. Emergency Net and try to schedule your time to participate with us.

As always, we need more Net participation. Please join us Mondays at 8:00 PM on 145.25.

Until next month, 73
Jerry N4IVI

NEW ARRL NET DIRECTORY AVAILABLE

The 1987 Net Directory is on the streets. The new directory contains current listings of all National Traffic System nets, and many other local, regional, national and international net operations. Special interest and Novice nets are included. Appendices include many

QST articles on traffic handling and other resources such as a third party countries list. The new directory features a gold color cover.

For your copy, send \$1.00 to ARRL HQ, 225 Main Street, Newington CT 06111 to cover shipping; an SASE is no longer required.

ABOUT THE BRAZOS VALLEY AMATEUR RADIO CLUB

Organized in 1977, the club has been growing steadily. It is a gathering place for ham radio operators in Southwest Harris and Ft. Bend Counties and surrounding communities. It is a general purpose type of ham club offering a variety of activities open to all interested persons. Membership is open, not only to licensed ham operators but also to anyone interested in the hobby. In addition to regularly scheduled monthly membership meetings, the club conducts classes leading to amateur radio licenses each year and sponsors a volunteer examiner team which offers examinations in all levels of ham licenses each month.

For more detailed information about the club and any of its activities, call Stu Lamkin WBSIGG at (713) 777-3345.
