About the Brazos Valley Amateur Radio Club . . .

Organized in 1977, the club has been growing steadily. It is a gathering place for HAM radio operators in Fort Bend and Southwest Harris Counties, and surrounding communities. It is a general-purpose type of HAM club offering a variety of activities open to all interested persons. Membership is open, not only to licensed HAM operators, but also to anyone interested in the hobby. In addition to regularly-scheduled membership meetings, the club each year conducts classes leading to amateur radio licenses, and each month sponsors a volunteer-examiner team that offers examinations in all levels of HAM licenses.

For information about the club and any of its activities, please call Stu Lamkin, WBSIGG, (713) 777-3345.

From the Presidents Desk

Well Its time to say farewell and make room for the new board to take over in January. I know of no higher honor in amateur radio than to serve as president of a quality organization such as B-Varc.

I would first like to thank the Board-Bill N5KXU, Brenson KF5VZ, Karla N5LGS, Larry KB5AKS, Greg K5LTW, Carl AA5JW, Alan N5AFV, Suzzanē KB5BAY and Dave AA5GA for their support and help in running the club this year. With out their dedication and intensity we would have just been another radio club and not Houstons Premier Amateur Radio Group.

The list of additional folks contributing to the clubs success is tremendous. As with any listing there is always the danger of missing someone. I therefore apologize in advance if I should miss anyone, for to list all I would need to practically reprint the Roster.

Special Thanks to;

Harold ND5F & Stu WB5IGG and too all the Ve's that helped B-Varc retain its leadership role in Examinations again in 1989.

Jerry N5APW , Glenn WB4LZG, Susan KB5ICO and Stu WB5IGG for their tremendous efforts in handling two of the most successful Novice classes in club history.

Irv KB5EXM and Roland KB5EQH for the supreme effort in compiling and producing the club newsletter.

Jerry N5APW and Alan N5AFV for the success of the B-Varc Nets.

Herb N5GZW, Harold ND5F, and the tremendous hoard of members that made field day a success in spite of the worst weather since I have been a Ham(1983).

Ray WA5F for serving as special events chairman.

Alan N5AFV for doing the best job of organizing our Special Events calender, Activity Roster and coordinating the events with chairpersons I have seen.

All the chairpersons and all the members that participated in the special events this year. Especially Ray WA5F, Ralph KB5DNT, A.J. WB5YLB, Alan N5AFV and Robert N5JKD for extra effort on large events or chairing several events.

Greg K5LTW for serving as Program Chairman.

Suzanne KB5BAY for organizing and Vic N5NAS for Cooking and Doug KE5SR and Marie Holley For providing the place for our picnic.

Carl AA5JW for those great name badges.

Bill N5KXU for the coffee at the membership meetings.

Vic N5NAS, Harold ND5F, Greg K5LTW and the group for chili nite.

Vic N5NAS and the hoard for the Beans & rice nite.

The members for the extraordinary high percentage of participation we experienced this year.

When I look back it was a great year for B-Varc and I Know 1990 will be even better...

73 & See You Soon.

B-VARC ORDER OF THE KEY

by: Harold, NDSF

In November of each year, it is time for B-VARC members to make their nominations of candidates for the "B-VARC ORDER OF THE KEY AWARD". Candidates should be only those who have made significant personal contribution to B-VARC during the year or over an extended period of time.

This prestigious award is presented only to B-VARC members by the general membership. Each candidate must receive unanimous approval of the Board of Directors. This distinction can only be earned through voluntary service for the advancement of the Brazos Valley Amateur Radio Club.

The following standards are diligently applied to all prospective recipients as the means of preserving the meaning and importance of this very special award.

1. The extra special effort or extraordinary performance by a member after volunteering for a special task or project. Such a significant service to the Club could take place over a relatively short period and represent loyalty or effort that is normally "beyond the call of duty".

2. The performance of sustained outstanding and dedicated voluntary service to B-VARC over an extended period of time.

Nominations for a club member to be a candidate for the Order Of The Key Award must be made in writing, addressed to the B-VARC Board of Directors and be in the hands of any member of the Board not later than one week prior to the December meeting of the Board. The nominations should state the reasons why the nominee has earned the Award. The President polls each of the Board Members personally and only he knows the results. The awards, if any, will be presented at the Club's annual banquet in January.

This Award is unique to B-VARC. It was conceived by a Club member and first bestowed on Bob Spradling, W5UBD/SK, for his dedicated service to B-VARC.

The Club's Annual Roster includes the impressive list of recipients of the "B-VARC ORDER OF THE KEY". Hopefully, it will inspire YOU to join the ranks of those who have done the most to make the Brazos Valley Amateur Radio Club what it is today.

NEW TIME FOR THE B-VARC RAG CHEW NET

by Al Mattis, N5AFV

The B-VARC Rag Chew Net has moved to a new time slot effective immediately. The net will now meet 30 minutes earlier at 8:00 PM local time each Wednesday evening on a frequency of 3.960 Mhz. It is hoped that this change in time will help avoid some of the QRM experienced during the winter months when the earlier darkness brings improved propagation to the band. Remember the new time, 8:00 PM, and please join us each Wednesday evening.

THE AMATEURS' CODE

The Code, written by League Counsel Paul Segal W9EEA in 1928, was updated by the Board of Directors at its July 1989 meeting. While U.S. amateurs must abide by the rules and regulations in Part 97, most also subscribe to the standards set in the time-honored Amateurs' Code. Here is the revised version.

The Radio Amateur is:

CONSIDERATE...never knowingly operates in such a way as to lessen the pleasure of others.

LOYAL...offers loyalty, encouragement and support to other amateurs, and the American Radio Relay League, through which Amateur Radio in the United States is represented nationally and internationally.

PROGRESSIVE...with knowledge abreast of science, a well-built and efficient station and operation above reproach.

FRIENDLY...slow and patient operating when requested; friendly advice and counsel to the beginner; kindly assistance, cooperation and consideration for interests of others. These are the hallmarks of the amateur spirit.

BALANCED...radio is an avocation, never interfering with duties owed to family, job, school or community.

PATRIOTIC...station and skill always ready for service to country and community.

B-VARC's FALL '89 NOVICE COURSE

The Monday evening meetings of this group of students have ended on the positive note of being one of the -- if not the -- most successful the Club has sponsored. There were 21 who completed the course, 16 who took the novice exams, 12 who passed both, 6 of whom (as of this writing) have already upgraded -- 1 to GENERAL and 5 to TECH! Here are the ones we welcome to the Ham Community, and the tickets they are anxiously awaiting.

<u>GENERAL</u> --Nick Hardy	<u>TECH</u> --Floyd Fox	<u>NOVICE</u> --Bill Garrison
	Greg Mooney	Jeff Garrison
	Dawn Sinibaldi	Jim Giblin
	Tom Watkins	Jacques Huard
	Alan Weaver	Mark McElvy
		Brenda Waits

In addition to the above, 3 students passed the Novice theory exam and four who are (we hope!) still working on their Morse code to get over the hurdle of 5 WPM. We hope they will avail themselves of the staff of Elmers built up by Susan Edwards KB5ICO. She can be reached at 498-7425.

Thanks and congratulations to the teaching staff of Glenn Edwards WB4LZG, Gerry Borg N5APW, and Susan Edwards KB5ICO for a job well done, and to the following members who assisted when called upon: Charles Prochaska KG5KV, Steve Gottlieb WA5OEN, Randy Pugh AA5OA, and Jack Van Demark WN5A.

TECH TIP

HAVE YOU EVER NOTICED WHEN YOU ARE TRANSMITTING ON HF AND YOU ARE RUNNING FULL OUTPUT POWER THAT THE LIGHTS BEHIND YOUR DISPLAY ON YOUR SOLID STATE RADIO DIMS ? YOU MIGHT THINK THAT YOUR 20 AMP POWER SUPPLY ISN'T CUTTING IT AT FULL CURRENT. BUT THE PROBLEM MAY LIE IN THAT VIRGIN 12 FT. POWER CORD THAT CAME WITH YOUR NEW RADIO.

LETS DO A LITTLE SIMPLE OHMS LAW.

ICOM CABLE 12 FT LONG

#10 CABLE HAS A RESISTANCE OF .9989 OHMS PER 1000 FT.

1. .9989 OHMS / 1000 FEET = .0009989 OHMS PER FT.
2. 24 FEET (PLUS & NEGATIVE) X .0009989 OHMS = .02397 OHMS
3. .02397 OHMS x 20 AMPS = .4795 VOLTS DROP (WOW)

CUTTING THE POWER CABLE TO 1.5 FT

1. 3.0 FEET X .0009989 OHMS PER FOOT = .00299
 2. .002997 OHMS X 20 AMPS = .05994 VOLTS DROP
- CUT THAT CORD

KENWOOD CABLE

#12 CABLE HAS A RESISTANCE OF 1.588 OHMS PER 1000 FT.

1. 1.5880 OHMS / 1000 FEET = .001588 OHMS PER FT.
2. 2 #12 WIRES IN PARALLEL = .001588 / 2 = .000794 OHMS/FT.
3. 24 FEET (PLUS & NEGATIVE) X .000794 OHMS = .019056 OHMS
4. .019056 OHMS x 20 AMPS = .38112 VOLTS DROP (WOW)

CUTTING THE POWER CABLE TO 1.5 FEET

1. 3 FEET X .000794 OHMS = .002382 OHMS
2. .002382 OHMS X 20 AMPS = .04764 VOLTS.

SINCE THE POWER SUPPLY REGULATION SENSES THE VOLTAGE AT THE OUTPUT TERMINAL OF THE POWER SUPPLY THIS VOLTAGE DROP IS NOT COMPENSATED FOR BY THE SUPPLY. THE LIGHTS DIM, THE VOLTAGE DROPS AND CURRENT GOES UP AND AT THE WORST TIME POSSIBLE WHEN YOUR TRANSMITTING. MY SUGGESTION IS TO CUT THE POWER CORD TO THE SHORTEST LENGTH NECESSARY FOR YOUR APPLICATION. I VERIFIED THE ABOVE CALCULATIONS WITH MY ICOM. WITH A 18 INCH CORD MY LIGHTS NEVER DIM-NOW.

I really appreciate being invited to assist with these examinations. The Swapfest was lots of fun and I hope it becomes a regular event. It was really nice of Steve, W8SUGT, to link the output of MERB's 145.47 with their 444.90 repeater in Clute so I could hear the ole B-VARC gang.

Special thanks to Billy Walker Royalton District Manager of Warner Cable, for donating the use of their copier and supplies for printing the newsletter.
